EDUCATION

KIET Ghaziabad

Nov 2022 - Present

B.Tech in Information Technology

CGPA: 8.4/10

Relevant Coursework: Object Oriented Programming, Discrete Maths, Data Structures and Algorithms, Operating Systems.

PROJECT WORK

- **Realtime WhiteBoard (2024):** Developed an intuitive whiteboard application enabling real-time collaboration. Users can effortlessly create, join, and share rooms, facilitating seamless interaction and sharing of ideas. Leveraging WebSockets and WebRTC technologies, the application ensures instant synchronization of changes across multiple users, providing a smooth and immersive collaborative experience.
- **HealthEase (2024):** HealthEase is a website designed to visualize and display patient health data collected from IoT devices. The website presents essential health metrics such as SpO2 levels, heart rate, and blood glucose levels in both graphical and numerical formats.

AWARDS AND CERTIFICATES

- **Organizer of SprintHacks2.0:** Fostering innovation and collaboration among participants to tackle real-world challenges in the technology sector.
- **Winner at Techacks 4.0:** Won Techacks4.0 Hackathon with a Driver Drowsiness Alert System, showcasing innovation and commitment to road safety through technology.
- Web Developer Bootcamp 2023 by Colt Steele
